AFP

Creating welcoming spaces
to feel, connect, and thrive

Through every design,
we bring our clients' visions to life,
creating environments that are both
aesthetically pleasing and deeply meaningful.

AFP

For an elevated everyday

ABOUT US

Building connections between people, spaces, and craft.

Whether for your home, commercial space or hospitality environment, every piece we design, we spark connections: connections between people, connections with our environments, and connections to creativity itself.

As part of the Julius Berger legacy, we combine modern design with timeless craftsmanship, creating award-winning bespoke solutions. Every project we undertake is personal, designed with care and attention to reflect the heart and vision of our clients. Whether it's an office that drives innovation, a restaurant that invites conversation, or a home that recharges and energizes, we create spaces that enhance daily life.

We don't just create furniture, we build environments where experiences are lived and memories are made. Piece by piece, we design spaces for all the moments of everyday life.

Our approach is grounded in meticulous craftsmanship and thoughtful design. Each piece is crafted with precision, balancing delightful artistry with purposeful intent.

We believe in profound connection – not just between people and their spaces, but also to the materials and craftsmanship behind the creations that enrich their homes, offices, and gathering places.

From initial concept to final masterpiece, our process is deliberate and collaborative, ensuring that each piece and space is not merely functional but a beautiful expression of living. We create environments that inspire, comfort, and foster genuine connections.

MISSION

Crafting environments that inspire, comfort, and connect.

We create furniture that not only fills spaces but transforms them into vibrant, dynamic environments where people can thrive. Our mission is to create inviting furniture that seamlessly connects form and function with comfort and creativity, infusing every setting with energy and life.

Blending global expertise with Nigerian craft

MADE IN NIGERIA

Local roots, global standards.

Though we've grown in scale, we've never lost sight of our appreciation for domestic production. Rooted in Nigeria, we maintain a strong commitment to sourcing local materials. We bring the best of international standards in furniture making and apply them locally, combining global expertise with modern machinery and cutting-edge technology to create exceptional pieces. All of our furniture is proudly manufactured in Nigeria, each item reflecting the skill and dedication of our local artisans.

We also believe that quality is non-negotiable. That's why we partner with world-class suppliers, particularly from Europe, to ensure our component parts meet the highest benchmarks of quality. This allows us to push the boundaries of excellence in the industry, while staying true to our roots. Our furniture not only stands the test of time and enhances the spaces they inhabit, it also connects people to the local environment and community. Bringing a sense of pride and purpose to every space.

Spaces made for living

DESIGN LAB

A fully immersive design experience.

Design needs to be experienced. And we appreciate that during the process, it's hard to imagine what the end result will look like. That's why we've developed an in-house design studio leveraging innovative technology to bring vision to reality – virtually.

The AFP Design Lab offers clients a fully immersive experience, using augmented reality to allow you to visualise how your custom furniture will feel in your space. We bring your ideas to life, giving you the chance to explore every detail of your design before

it's crafted. Providing a seamless way to refine and perfect each element, ensuring it fits both functionally and aesthetically into your environment.

And beyond the digital realm, we offer physical samples of materials, finishes, and textures, so that you can really feel what is right for your space. From selecting the finest fabrics to choosing the perfect wood grains, we collaborate with you to ensure that every detail is thoughtfully considered to reflect your personal style and needs.

Tailored for
the moments
that matter

Designed
around the
way you live

PRODUCTS

For environments that welcome you in.

We believe every space tells a story, and we're committed to creating bespoke solutions that meet the unique needs of every client. Whether you're designing your home, corporate office, or hospitality venue, we collaborate with you to bring your vision to life – with precision, artistry, and an eye for detail.

What if we could combine beautiful form with ultimate utility? Designed to bring energy, style, and purpose into your home, each of our pieces is thoughtfully crafted to fit your lifestyle. From custom loose furniture that adds character and comfort, to kitchens designed for gathering, every detail speaks to daily moments. Our wardrobes and storage solutions elegantly maximise storage, and seamlessly slot into your routines. While our doors, wall panels and wooden floors add texture and warmth to create environments that welcome you in.

In hospitality, experience is everything. Our bespoke furniture and fittings are crafted to elevate the ambiance of your venue, offering both luxury and comfort for your guests. Stylish lobby seating, elegant dining furniture, and more – each piece is designed to create memorable moments. We ensure that every space feels inviting and thoughtfully curated, leaving your guests with a sense of warmth and connection.

For commercial environments, we understand that functionality and aesthetics must work in harmony to support productivity and reflect your brand's identity. Our custom furniture solutions are designed to energise high-traffic areas and enhance corporate spaces, whether it's a sleek boardroom, a collaborative workspace, or an inviting reception area. With a focus on durability, comfort, and artful design, our pieces are tailored to meet the demands of your business, while creating an atmosphere that leaves a lasting impression on clients and employees alike.

Creating welcoming
spaces to feel,
connect, and thrive

OUR EDGE

Attention to the smallest details.

Detail underlines everything we do. At AFP, we're committed to our craft, creating the highest quality furniture that adds beauty and character to your spaces.

Our precision begins with our meticulous lumber process. Each piece of wood is carefully dried and handled, audited at every stage to guarantee quality, consistency, and durability. All to retain its integrity, delivering you beautiful furniture to enjoy in your space for years to come.

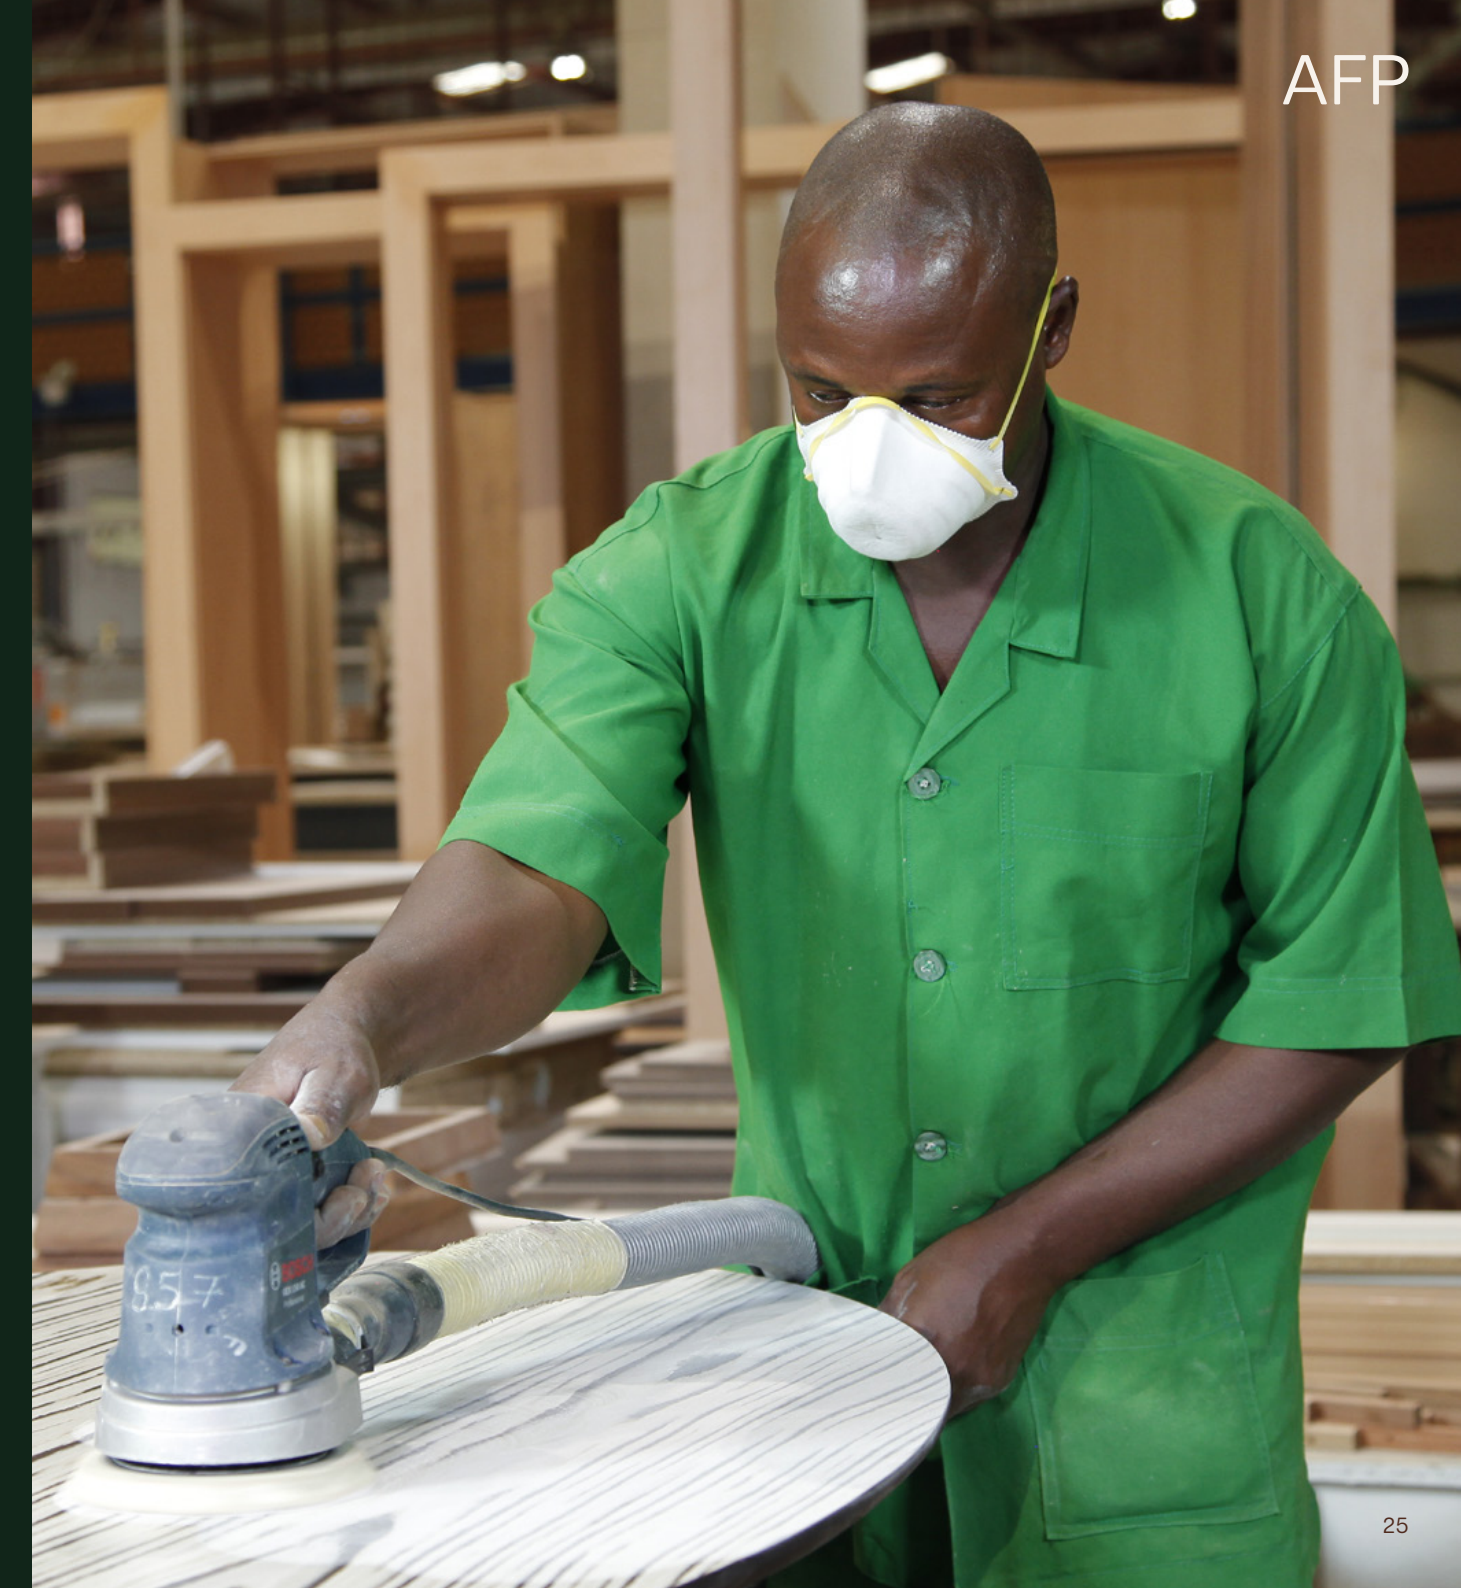

While we source the majority of our materials locally, we have exclusive partnerships with top-tier European component providers to ensure that the furniture you buy from us is of the best quality. With the strong German heritage of Julius Berger, we work with the leading suppliers in Germany to source the best of the best.

Our unwavering attention to detail extends to our technology. Our factories are equipped with state-of-the-art machinery, meticulously maintained for peak performance. And our technicians are continually trained to operate these machines with care and attention, so that every piece of furniture we produce meets the same exacting level of quality.

We constantly challenge ourselves and evolve our processes to stay at the forefront of design and innovation, ensuring that we not only meet, but exceed expectations. Because your space deserves nothing less than exceptional results.
